

NGĀTI RANGI TRUST RAL PROVISIONS SURVEY

INTRODUCTION

Through this five-minute survey the Ngāti Rangī Trust would like to learn more about the thoughts and feelings of uri and our wider community on Ruapehu Alpine Lifts' application to the Department of Conservation for a 60-year licence to operate Tūroa ski field.

Ngāti Rangī holds Koro Ruapehu as sacred; as a source of strength and the foundation of our tikanga, kōrero, spirituality and identity and appreciate there are a wide range of views on this application. While some consider the tapu nature of Ruapehu means the ski field should be decommissioned, others continue to enjoy activities on the maunga allowing them to connect more intimately with Koro Ruapehu.

Through this quick survey, we would like to encourage you to share what you feel is important. If you would like to expand further on your views, there's the option of sharing additional kōrero as well.
